Technical Expertise

- Metal Working:

Extensive experience welding (MIG, ARC, TIG, Oxy-Acetylene), plasma cutting, bending, and forging with hand tools and pneumatic hammers. Further knowledge of techniques utilizing equipment such as: plasma cutter (hand-held and CNC), abrasive chop saw, cold-cut chop saw, drill press, pedestal/belt/handheld grinders, shear brake and bender, band saw, and a variety of other electric, pneumatic, and hand tools.

- Foundry and Mold-making:

Comprehensive experience with mold-making (plaster, synthetic materials, sand-resin, ceramic shell) in order to cast various metals, foams, resins, slip-cast ceramics, and glass. Experienced with a range of hot metal casting, including iron, aluminum, and bronze. Knowledgeable of proper foundry methods and safety.

- Wood Working:

Skilled in wood joinery, construction, and finishing with hand techniques and power tools such as table saw, panel saw, planer, band saw, scroll saw, jig saw, router, electric sanders, joinery tools and carving tools.

- Ceramics:

Skilled in handbuilding ceramic techniques and slip-cast process. Knowledgeable of kiln operation, wheel throwing, glaze mixing and application.

- Art Handling and Installation:

Professional experience as an art handler in galleries and museums. Substantial knowledge of proper care and handling of art objects in addition to exhibition design, installation, and curating. Experience constructing custom crates and packaging.

- Digital Process and Media:

Skilled in using 3D Design: Rhino, Sculptris, Meshmixer, and Slicer as applied to 3D printing, laser cutting, and CNC.

Proficient in digital photography, video and audio recording. Knowledgeable of Adobe Suite, as well as video and sound editing programs such as ProTools and Final Cut.
